- Updating 9-axis configurations
- Tank condition and repaint
- Slats, slat holders and supports
- X beams, mag tape and rails
- Linear rail and ball screw
- Drive motors
- Air pressure regulator
- Precision laser inspection

PUMP INSPECTION

- Drive motor
- Replace charge pump Procon
- Belts wear and tensioning
- Pulley spacing
- 6 port manifold
- Crank case
- Soft seals
- Filter housing and filters
- Tubes and hoses
- Display and keypad testing
